

Home Equity Loan Package for Members Only

A home equity loan is a fixed-rate loan based on the difference between what you owe on your home and its current market value. You receive the full loan proceeds and then pay it back in predictable, fixed monthly payments based on terms up to 20 years. You can borrow up to 80% of the market value of your home (less any other mortgage balances) and pay it back at terms that fit your budget.

Home Equity Loan Rates

To qualify for a Brazos Star Home Equity Loan, the credit union will use the member’s FICO score and other factors for loan approval and to determine the rate of interest on the fixed rate loan. If there are two or more parties to the loan, the credit union will determine the rate of interest by using the combined average of all credit reports.

Rates¹ are effective as of 10-26-2023* *Interest rates may change at any time.*

Home Equity Loans – FAQs

WHAT IS A HOME EQUITY LOAN?

Home equity loans fall under the provisions of Section 50(a)(6), Article XVI, of the Texas Constitution. A home equity loan can be for any legal purpose which uses the equity (the difference between the home's value and any outstanding debts against the home) in a member's home for collateral. For home equity lending, Texas law restricts the total amount of all loans secured by the homestead to a maximum of 80% of the home's value. Texas home equity loans can be a closed end loan with substantially equal payments over a fixed period of time.

WHAT PROPERTIES CAN BE CONSIDERED?

The property used for collateral must be a single-family, owner-occupied homestead property, located within the state of Texas. Qualifying properties are defined as either urban or rural.

Urban properties consist of not more than 10 acres of land with any improvements contained thereon, within the limits of a municipality or its extraterritorial jurisdiction, or a platted subdivision; AND served by police protection, paid or volunteer fire protection, and at least three of the following services provided by a municipality or under contract to a municipality: electric, natural gas, sewer, storm sewer, or water.
