

Serving on the Board of Directors

The Nomination by Petition Process has now Closed.

The deadline for potential candidates to apply for consideration for the credit union's board of directors by petition has now passed. If you are a member of the credit union in good standing and you would like to serve as a volunteer, we would still like to hear from you.

There are volunteer positions that contribute to the success and leadership of the credit union including serving on audit committees, supervisory committees, community representatives and survey groups.

While it is infrequent, there are occasions where an opening on the Board of Directors occurs between the annual election of board members. The nominating committee will review possible candidates on file for appointment until the next annual election.
